

Creativity

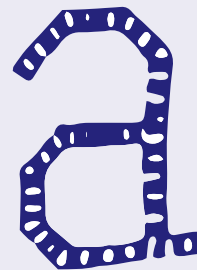

collaborative
as well as
individual

relevant
across all
curriculum
areas

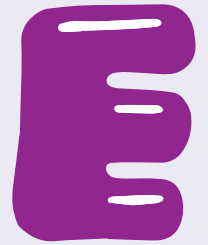

everyday
as well as
extraordinary

**can be
assessed**

**can be
taught
and
learned**

**is for
everyone**

Creativity in education needs:

Deep knowledge in the
relevant subject or field

A supportive environment
in which to thrive

Curiosity and innovation
as well as persistence
and discipline

Assessment by the
student as part of the
creative process

Assessment by the
teacher to support
improvement

Teachers can

Teach with creativity by

- ★ using a range of teaching approaches
- ★ asking open-ended questions
- ★ demonstrating experimentation

Teach about and for creativity by

- ★ explicitly teaching and supporting the creative process
